HOOPER SCORES UNION CHIEFS

Labor Board Chairman Sees Radical Menace

Campaign to Weaken Courts is Denounced

"Red" Leaders Maneuver to Control Roads

(BY A. P. MONT WIRE.)

CHICAGO, Dec. 2.—Ben W. Hooper, chairman of the United States Railroad Labor Board, in a speech before the Illinois Bar Association here tonight charged that many railway union leaders are waging warfare against the roads with the purpose of destroying the industry and forwarding a political campaign for government ownership.

"A large portion of the union magazines which pass over my desk contain bitter attacks on the railroad, their managements and their policies," he said. "These criticisms are not confined to matters of direct controversy between the roads and the employees, but they cover every ground of attack that might be made by these outside forces."

"Nothing is left unsaid that seems to be calculated to stir up hatred among the employees and distrust and hostility among the people."

UNFAIR ATTITUDE
"Railroad labor organizations are largely committed to the Plumb plan of railroad operation which is government ownership, with private operation in which the employees shall participate managerially and share the profits financially. If there should be a change in the ownership, that is, in the people, would dig up taxes to pay the deficit."

"In their efforts to further government ownership the railroad employees are opposed to the Transportation Act and the Railroad Labor Board, he said, because they feel that the successful adjustment of wages and working conditions and the gradual but certain reduction of freight rates under that act will conduce to the postponement or prevention of government ownership. He continued:

"In the political program of the labor leaders, two definite demands are made: First, that the legislative powers exercised by the courts in connection with strikes be withdrawn or greatly limited. Second, that the constitution be amended

Extensive additions to the mechanical equipment of The Times are now being made to meet the tremendous demands of the paper's growth in size and circulation. It is expected that the new machinery, including one of the biggest and finest presses in the world, will be in operation within three weeks. In the meantime, small delays may occasionally occur in the delivery of the paper, due to these readjustments. Every effort is being made to reduce such delay to a minimum.

ad that Congress can not aside the decision of the Federal courts which pronounce an act of Congress unconstitutional.

"The pernicious doctrine that the courts are dominated by the wealth of people, who, by reason of deficient training and highly sensitized class consciousness, are peculiarly susceptible to its baleful influence."

"When a man becomes thoroughly educated with this distrust of the courts he is no longer a good American citizen. His mind is befogged with dark suspicions and he nurses a fancied grievance against his government. He is converted into a fit instrument of disloyalty and treason. The man who persistently labors to destroy the faith of the people in the good American citizen. His mind is befogged with dark suspicions and he nurses a fancied grievance against his government. He is converted into a fit instrument of disloyalty and treason. The man who persistently labors to destroy the faith of the people in the good American citizen."

"There are men today who think that the drafting of our Federal Constitution required no greater expenditure of time, effort and intellect than is necessary for the publication of one issue of a 'yellow newspaper.' They blatantly denounce the judiciary and threaten to make it subservient to the kaleidoscopic changes in public sentiment reflected in successive Congresses."

RUSSIA WILL DISARM IF NEIGHBORS DO
MOSCOW, Dec. 2.—At the opening of the Disarmament Conference here today Maxim Litvinoff, Russian Assistant Commissioner for Foreign Affairs, definitely proposed a reduction of the Red army to 100,000 men. He made this conditional, however, on "a corresponding reduction in the standing armies of the states on Russia's west boundaries."

TIERNAN CRAZY? LIKE FOX

Indiana's Famous Husband Runs Circus Close Second for Publicity Honors in Chicago

(EXCLUSIVE DISPATCH)

CHICAGO, Dec. 2.—The Tiernan circus ran a close second in Chicago today to the Hagenback offering in the Coliseum. One morning paper is supposed to have Prof. Tiernan and "Gussie," his first wife, in tow while a rival show has Mrs. Blanche Hawn-Rush-Britton-Tiernan lurking in the office ready to pounce upon her "sawawin," a pet Indian name she has bestowed upon the professor which means "raw meat."

Meanwhile scurrying hither and yon, panting and perspiring, deputies from the Sheriff's office sought the professor with the design of hauling him into the psychopathic hospital and examining his head to discover whether or not the blood is circulating properly above his ears.

The embattled Blanche, etc., etc., Tiernan's Iowa bride of two days, came thumping to town to fight for her rights. Scores for one morning paper encountered Prof. Tiernan in the lobby of the Plaza Hotel, but all they got after a fierce battle was the professor's overcoat. His custodian, representing another paper, managed to drag him and the remainder of his garments into a taxicab and escape.

It was a terrible day for the principals. Blanche, the buxom Jewan, who wooed Tiernan by mail and married him by appointment, is wavering between the films and authorship. She hates all this publicity quite as much as if she had been a cinema actress all her life.

And John P. Tiernan, the joint husband, is trying to choose between several stage offers. Outdoors can have no idea of how all this publicity annoys him. "Crazy?" said County Judge Rightmeyer, in an unofficial opinion, as he awaited the interrupted insanity proceedings. "He's as crazy as a fox, that old boy is."

Meanwhile the city rubs its hands in expectation of a meeting between Tiernan's two wives. Mrs. Tiernan No. 1 has broken with her sister, Mrs. Pulaski, who went to her assistance in South Bend. "Gussie" charges her sister with a plot to separate her from John P.

A GED MAN HELD AS MOONSHINER

Secret Treadpole and Large Still With Mash Discovered

(BY A. P. MONT WIRE.)

TACOMA, Dec. 2.—Rasmus Gottfredson, aged 54, is in the County Jail here charged with manufacturing moonshine liquor. He was arrested in his home by Federal and county officials yesterday after a secret treadpole was discovered, and a twenty-five-gallon still and a quantity of mash were confiscated.

also taken from among his belongings.

He then employed a Pinkerton detective and gave him the same instructions that had been given to the police department relative to finding the guilty party. We then began to look for a motive, and soon found that Mr. Sykes had refused to assist in defending the evidence said "equal rights, previous to the branding, and a bunch of the brand students were heard to say Friday morning both by Sykes and Mr. Fellows that something ought to be done to Bill Sykes and Lee Cummings for not attending the fire, and that something ought to be framed up on U.S.C. Finally, when Mr. Sykes was presented with these facts, he frankly admitted that it was a frame-up by his fellow-students and that he was made the post, and that U.S.C. had nothing to do with it in any way, shape or form, as they will observe by the statement attached hereto marked exhibit 'A'.

You will also observe from the statement made by Mr. Fellows exhibit "B," concerning the conspiracy to frame up Sykes, that on Friday morning, Mr. Sykes confessed to Mr. Fellows and says that he heard the same conversation.

I would therefore recommend that a complete report covering all phases of the case be prepared and presented to the board of trustees at the earliest opportunity.

Ambassador Childs' statement, standing with the Allies on capitulatory rights established by treaties, but pointing out a common interest in studying the question, may lead the way out of the impasse, but it is doubtful if his stand is already being interpreted in many ways.

JOHN WANAMAKER HAS SERIOUS COLD

(BY A. P. MONT WIRE.)

PHILADELPHIA, Dec. 2.—Little change was noted in the last twelve hours in the condition of John Wanamaker, the Philadelphia and New York merchant, who is confined to his home by a serious cold. The bulletin issued by his physicians tonight read:

"While perfectly comfortable on the whole, Mr. Wanamaker's condition remains unchanged, although no encouraging improvement can be forecast."

you 1,000,000 tons if you want it. It is a way of spending and waiting your money which is, of course, at your disposition. I do not believe very much in capital warships now, because there are submarines and airplanes which make warships no longer capital."

"England has increased her military power 19 per cent," he continued, "and Japan 71 per cent. Well, we will see. I doubt whether I will see the effect of this but it may be the privilege of some of you. We will see what will come out of it."

Plunging then into his appeal for America to resume an active role in Europe, Clemenceau recited the history of America's entrance into the war and her part in making peace.

He was interrupted by a long wave of applause when he mentioned Woodrow Wilson and his "fourteen points" on which he declared the peace was based.

"FOURTEEN POINTS"
"What were these 'fourteen points'?" he continued. "Pledges set forth before all human kind. Your Declaration of Independence said 'equal rights, pursuit of happiness for every man, liberty.' That was beautiful for them to fight for in 1776. It came from America to Europe again and you may be proud that this armistice and treaty had at its front the fourteen points, which were nothing but the translation of the Declaration of Independence."

"It seems to me some are very selfish. They say we will make our home comfortable. We will build walls; we will not admit strangers, and we will live there and be happy. You did not say that in '74."

"There is a tale in an Arabian book of a genie in a bottle, and when it is out, you cannot make him get in. Your case is just the other way. You are the genie in the bottle and do not want to come out. I call you, by the bottle."

He reiterated that the Monroe doctrine had been outgrown by America, adding, "You have grown faster, allow me to say, than your ideals. You are a very complacent people."

WROTE PEACE TERMS
America, he continued, owed it to Europe to help enforce the terms of the Versailles treaty because she had a large hand in the making of it, and because its terms—particularly those referring to reparations and disarmament—were being ignored by Germany. Coming finally to the League of Nations, he said:

"I do not believe in a society of nations as a way to suppress war at least now. When man has progressed more and more, I hope it will be. But I do not object to the best being attempted to get even the least, which is sometimes worth counting."

"That society of nations exists here somewhere in Geneva. It has already done good. It has done something in the case of Austria. I say if you think fit to come, you come. You will be well received and we will work, French, British and Americans together. That is my program. You know small beginnings may have big endings. If you choose to get into the family business, but under the situation I dare say that you will be obliged to some day or other and you had better take care that it won't be too late."

The warmth with which the Tiger's message was received was a marked contrast to the reaction he got in the long parade through downtown St. Louis on his way to the Odeon.

GUARDED BY POLICE
The crowds were large, but demonstrations were sporadic. This was due in part, perhaps, to the fact that the Tiger was so surrounded in his automobile by plainclothes men that many failed to recognize him.

Lavish police protection had been provided because of the receipt by local authorities of letters threatening his life. But the nearest approach to hostility that developed was when a curious fat archer of 15 slipped through the police lines and trudged for some distance beside Clemenceau's car gazing at him. He had a bundle under his arm, but instead of a bomb it turned out to be only a pair of shoes.

The plainclothes men shooed

"PROGRESSIVE" BLOC FORMED

(Continued from First Page)

Wisconsin, and Sinclair, Republican of North Dakota. Resolutions adopted unanimously by the convention declared that the movement was nonpartisan and designed primarily to promote progressive legislation. Other resolutions called for extension of the direct primary, including abolishment of the Electoral College and direct popular election of the President and Vice President. Another resolution called upon President Harding to release immediately all "free speech prisoners." The convention declared, however, that it was impossible in a single day to formulate a complete legislative and economic program.

Appointment by Senator La Follette of a nonpartisan committee to provide for national cooperation of progressives was suggested. At the same time a date for calling another conference of progressives was left open, but Senator La Follette announced that a conference of progressive Governors would be held next January.

Atty.-Gen. Daugherty and Secretary Mellon of the Treasury Department, drew the fire of speakers.

ATTACKS DAUGHERTY
At the dinner tonight, Mr. Undermyer presented an "indictment" against the Attorney General, characterizing him as "a politician" and charging him with numerous derelictions. Mr. Undermyer urged an investigation of the Department of Justice and the Alien Property Custodian's office and declared that there was "a monstrous enforcement of prohibition laws" by the Department of Justice.

Mr. Undermyer said Mr. Daugherty was "conspicuously unfit" for his office and was appointed "solely on the basis of friendship and personal service for President Harding."

"He has made a virtual dead letter of the antitrust law," said Undermyer. "The war fraud laws have ended in a complete fiasco."

Improper conduct in the Electric, New Haven, United and other cases was also charged against the Attorney-General. In addition he suggested various legislative reforms, including amendment of the Federal Reserve Act, protection of the antitrust prosecution to the Federal Trade Commission and abolition of tax-free securities.

Secretary Mellon was attacked by Gov. Blaine and Representative Frear for alleged failure to let taxes from wealthy corporations and Representatives urged an investigation and extension of the internal revenue commissioner's office.

During the convention, La Follette announced further details of the progressive action through appointment of advisory committees. These committees were to be composed of: Ladd, Republican of Idaho; Ladd, Republican of North Dakota; Ladd, Democrat of Arizona; Ladd, Democrat of Michigan; Ladd, Republican of Wisconsin; Ladd, Democrat of Mississippi; Ladd, Democrat of South Carolina.

The next meeting of the progressive bloc is planned early in regular session of Congress. Indications of a first fight against the administration are shipping bill.

Edward Keating, toastmaster tonight's dinner, introduced new senators who are coming with the conference and remark that the last election had "fingered on the political scale."

Some of those who were present were: Henry Shipstead, Minnesota; Wheeler, Montana, and Brookhart, Iowa. The latter declared amid applause that the new Congress "is going to make it clear to the people that it is the \$30 a month soldier of the law."

He adjusted his spectacles and then he began to say that those people pay for it.

CIRCUS OPENS FRIDAY

"Big Top" to House Veiled Prophets' Benefit Show Begins Rise Tomorrow

Early this week the big white clouds of canvas will start spreading at Prager Park to house the "Grotto Circus," a mammoth indoor preholiday festival which the J. J. Grotto, Mystic Order Veiled Prophets of the Enchanted Realm, are staging to raise money for their charitable and building fund.

Scores of committees headed by S. H. Barrett, general executive chairman, have been busy for the last month arranging the affair, and the grand opening will be staged on next Friday night, preceded by the first torchlight procession Los Angeles has known in years. Capt. George E. Home of the Hollywood division has charge of the spectacular night pageant.

VARIED PROGRAM

With one price of admission covering everything the attractions will include ye olde English water circus, with a bevy of bathing beauties showing diving in a cistern; Bobbie Dunn, motion-picture clown; a fashion review staged by a score of the big retail merchants; Edythe Sterling, stellar equestrienne and movie queen, presenting a Wild West show with her famous high school horses; the Argentine troupe, acrobats and rief workers, and a big girl show which Shirley Lewis is staging.

Both Saturday afternoons of the circus will be dedicated to the poor kiddies of the city, and automobiles will bring the inmates of every philanthropic institution for youngsters to the circus grounds to see the fun.

IMPROVED VENICE, AIM OF BOARD

Real Estate Men Organize and Pledge to Help Beach City

By a "Times" Staff Correspondent
VENICE, Dec. 2.—Betterment of conditions in the real estate business with an aim to the improving and upholding of the community will be the consistent effort of the new Venice Realty Board organized yesterday.

A matter to be given immediate attention is the placing of Venice property on an equal value with other Coast cities.

Practically all members of the board expressed their intention of attending the State convention at Santa Ana, the 5th, 8th and 9th insts. when many valuable points will be discussed relative to the importance of realty boards to communities.

The new proposed charter has been heartily indorsed by the board.

It is the intention of the realty board to co-operate with other civic organizations and assist in the growth and progress of Venice.

Immediately upon the formation of the board 100 per cent of the members joined the State and National Federations. This is the twelfth board to be formed in the

Blue and Gray Survivors of Prairie Grove Battle to Observe Anniversary

Gathering together for perhaps the last time, ten or twelve survivors of the 16,000 Federal and Confederate soldiers that took part in the Battle of Prairie Grove are planning a luncheon to commemorate the sixtieth anniversary of that memorable meeting.

The luncheon, which is being arranged by Col. R. P. Murray, will be held at the Hayward Hotel at 2 p.m. on the 7th inst. and will be the feature of several interesting talks and some unique entertainment. Rabbit Myers is expected to give a short talk and Col. Moray of the Orphanum circuit will furnish vocal selections. There will also be some trick music by a drummer who served through the Civil War and was later discharged three months before his fifteenth birthday.

The Battle of Prairie Grove, which was known as the "Gettysburg of the West" was a meeting between the Confederate forces under Maj.-Gen. Hindman and the Federals led by Maj.-Gen. Blunt and Herron. It was one of the most sanguinary battles of the war, according to Col. Murray. Only ten or twelve of the survivors have been located in this part of the country who have withstood the rigors of the intervening years. Col. Murray asks, however, that in case he has overlooked anyone they communicate with him at the Hotel Hayward and inform him whether or not they will be able to attend.

WIFE TRAILED CLERKS, CHARGES REALTY MAN

A. J. W. KEATING SEEKS DIVORCE BECAUSE SPOUSE WAS CRUEL TO HIM

A. J. W. Keating, wealthy real estate operator, filed suit for divorce yesterday against his wife, Mrs. Opal C. Keating, charging cruelty. In his complaint, Keating charges that his wife caused his arrest about a year ago on charges which she trumped up and that she made life miserable for him while he was in the intelligence branch of the Army by hiring detectives to spy on him.

Upon his discharge from the service, the complaint recites his wife continued hounding him, often following him to his offices and trailing feminine employees in the belief that he was with them.

He asks the division of \$64,000 in property held by his wife.

MEXICAN RIOTS SHOCK OBREGON

President Expresses Horror Over Street Killings

New Mayor and Aldermen to be Elected Today

Inadequate Water Supply Adds to City's Woe

BY JOHN CORRYN

(EXCLUSIVE DISPATCH)

MEXICO CITY, Dec. 2.—Presi- dent Obregon today said he had not words which would qualify the massacre and demonstration of workmen in front of the City Hall two days ago. Authorities are working strenuously to fix the re- sponsibility for the case, but this investigation could in no way de- stroy the terrible general moral as- pect of the case. He could not, he said, say what the world would have said of Mexico if the heroic firemen amidst the tumult had not stuck at the work of saving the city archives, which were one of the finest and most complete in America.

Attacking the organization of city government in Mexico, he said the tragic event of Thursday was due not so much to the Aldermen and Mayor of the city as to the anomalous position of the City Council and government, which al- ways had been incompatible with the interests of the government of the nation and unsatisfactory to the necessities of the people. A change of city government, he said, could only be palliative, and never could remedy the evil, which was fundamental.

MECHANISM WORN OUT

Speaking of lack of water in the city for more than two weeks, he said this was due to the wearing out of the machinery, which the City Council had not attended to, he intimated that such vast works as those in this city should be in

the hands of broader interests, presumably those of the Federal government, as in Washington. President Obregon declared him- self in general terms against a so-called free municipality, which is one of the planks in his platform of reform, and the extreme radical armed allies in Mexico are not run parties. Some of the best-gov- on a free municipality plan. He scored the Aldermen in the City of Mexico, who asserted the city, being a free municipality, they had no authority to which they could re- sign. If they would only resign, he said, it would save the situation and means would be found to re- place them.

POLICE PATROL CITY

Owing to the intense excitement here, due to the massacre of work- men on Thursday, heavy police guards will patrol the city tomor- row to assure a peaceful election of Mayor and Aldermen. Robbing the polling booths and attacking scrutineers and judges in the booths has been notoriously common in past elections.

As a result of the failure of the various banking institutions here to recognize the Territorial Credit and Mortgage Bank of the city today closed its doors. It is reported its assets are much less than its liabilities. Many small creditors are affected.

Nine of the victims of Thursday night's tragedy, members of the Confederation of Labor, were buried this afternoon, more than 2000 workmen following the bodies to the cemetery. By request of the confederation officers the parade through the city was without dem- onstration.

A small supply of water was available today when the city engineers succeeded in repairing temporarily one pump, but this was wholly inadequate. President Obregon's declaration that the elections would be held tomorrow is taken to mean that Federal troops will supervise all the voting.

NO SECRET TREATY

(BY CABLE-EXCLUSIVE DISPATCH)

WASHINGTON, Dec. 2.—The State Department was unimpressed today by the reported threat of the Mexico City newspaper El Universal to publish the text of a "se- cret treaty" of the United States, Great Britain and France, by which the United States was to be giv-

ing a "free hand" on the American continent. Officials said the Mexico City rumor was the first intimation they had had of the existence of such a treaty and let it go at that. No official denial will be offered on newspaper reports. At the Mexican Embassy all comment on the report was refused other than the simple statement that at- taches here have no knowledge of such a treaty.

According to information from Mexico City, the treaty was said to have been negotiated in 1917, the year the United States entered the war, and provided an arrangement presumably sought by the United States from Great Britain and France in return for America's aid overseas.

ROSENBLUTH FIGHTS FEDERAL INDICTMENT

(BY A. P. NIGHT WIRE)
NEW YORK, Dec. 2.—Capt. Robert Rosenbluth, indicted by a Federal grand jury in Tacoma, Wash., on a charge of having mur- dered Maj. Alexander F. Cronk- hite in Camp Lewis, today con- tinued his efforts to show that the Federal government, which took up the case after the State authori- ties had exonerated him, had no jurisdiction. The hearing was ad- journed until December 16 after several witnesses had been heard. Defense counsel, fighting extra- dition, sought to prove that the slaying occurred on camp prop- erty that had not legally passed into the hands of the government.

SAN DIEGO TEAM NOW IN SOUTHLAND FINALS

Border City Footballers Trample Santa Ana Bearcats by 12 to 0 Score

Two long forward passes from the grimy palm of little Ray Wilcox spelled defeat for Santa Ana yesterday as they were intercepted and turned into touchdowns by San Diego's alert backfield. Both attempts to add the extra point were sad fumbles and it was by a score of 12 to 0 that San Diego slid into the final round of the Southern California interscholastic football championship.

San Diego's victory, which was witnessed by a howling mob of 3000 people on Fuller-ton's new field was far from impressive. Neither San Diego nor Santa Ana showed anything that might be construed as a serious attempt to advance the ball on their own account. Each team, however, had a stalwart defense and battled nobly to protect its goal.

TAKE HEART
After a scoreless first half in which Santa Ana had the advantage, San Diego kicked off and pulled back of Santa Ana caught the ball on the run and plunged to midfield before he was downed. Santa Ana took heart right away and started plowing through San Diego.

Here with only a few seconds of the second half gone, Ray Wilcox essayed a forward pass to the left side of the line. Fullback Swin-ma made a wild dive for the ball on his own 35-yard line, shook off a couple of tacklers and, aided by splendid interference, ran sixty yards for a touchdown. The attempt to add a point by a forward pass was a total loss and no insurance.

From this point Santa Ana struggled frantically to even matters up with little or no success. The Diego line was able to make no headway but a little good luck on a bounding ball gave San Diego the advantage on a punting exchange and San Diego started the start of the fourth quarter with the ball on their own 35-yard line.

GALINDO GRABS GAIN
Again Wilcox tried a forward pass and this time it was Quarter-back Galindo of the southern eleven who snatched the pill from the hands of a waiting Santa Ana and dumped off a sack of tacklers between himself and Santa Ana line. This time Fitzpatrick attempted to shoot a place kick and missed it by a pretty good margin, partly due to a bad pass somewhat assisted by sloppy holding of the ball.

During the final moments of play Santa Ana struggled manfully to score and did succeed in working the ball clear down into San Diego's territory, but Galindo wound up by intercepting another pass and saved the score temporarily while Half-back Bowens repeated only a few moments before the end of the game.

For Santa Ana no one player stood out, the team as a whole and the line in particular playing hard football, particularly on the defense. Quarterback Galindo was a good deal of a star for San Diego, ably assisted by the entire team. Neither team showed anything like the class displayed by the eleven of the same schools last year.

ENGLAND WINS TENNIS HONORS

(BY A. P. NIGHT WIRE)
PHILADELPHIA, Dec. 2.—Charles Williams of England defeated J. A. ("Jack") Soule of Philadelphia, titleholder, four out of seven hard fought, brilliant games in the first half of the match for the world's open-racquet championship today at the Racquet Club. The scores were 15-15, 15-6, 6-15, 15-15, 17-15 and 15-7.

The second half of the match will be played next Saturday at the New York Tennis and Racquet Club, seven games being scheduled but, according to the arrangements, the winning of the first four by either player concludes the match.

OFFICIALS ROW OVER GRID FIELD

Colleges Fail to Agree on Scene of Football Game for Saturday

(BY A. P. NIGHT WIRE)
FREMONT, Dec. 2.—Athletic officials of the State College of Fresno and the College of Pacific at San Jose failed to reach an agreement here after two days of wrangling concerning grounds on which the championship game between football teams representing the two teams will be played Saturday in the California Coast Conference.

According to officials here, the northern school officials accepted Fresno's bid to play here Saturday, but after "Svevo" Richter, C. P. coach, looked over the Fresno High School field Friday, he stated he would not bring his team here and suggested that the game be played either in Modesto or Stockton.

Fresno refused to play in either of these towns, and today secured the firemen's and policemen's baseball grounds for the game. Communication with C. O. P. officials tonight, they stated they did not care to play here and would leave the proposition up to the conference to throw out.

Fresno won the southern conference division championship, and Richter's team the northern division honors.

YACHT OFFICIALS PICKED FOR YEAR

The annual election of officers of the Newport Harbor Yacht Club was held yesterday at the clubhouse at Newport Harbor. Commander A. H. Woodbine of the Naval Reserve, who is much interested in the sports which the Newport Club is stimulating. The new officer made the second speech of the series which he has consented to give on navigation.

Regard of the conditions today the race at the harbor will be held, and although it is hoped that there will be no rain, it is claimed that it will have no effect on the powerboats which are entered. The affair is a 100-mile race and Bill Paden's Hurricane II is picked to win.

WOODROW CANDY KIDS LICK RIVAL BOWLERS

The strong going Woodrow Candy Juniors walloped the Broadway No. 2 Juniors Friday night at the Angelus Academy, when six-and-a-half pound of the junior League was played. The Candy makers took three in a row by good-sized majorities.

Davidson and the Candy was the star of the match. His first game was 238. His series total was 592. Stanton also bowled a high series, knocking over 174 pins.

RAIN STOPS BIG SOCCER CONTEST

Today's soccer games at Washington Park have been called off on account of the rain. The decision to postpone the contests was made following a conference between officials of the baseball park and the soccer league, when it became evident that the field would be unplayable. The postponed games will be played at the end of the first half of the schedule according to the ruling of the league officials.

GARDENA TRIPS OVER COYOTES

Berry-Pickers Enter Finals of Football Play

Bishop Eleven Trampled by 30-to-0 Score

Vanquished Warriors Fail to Show Much Pep

(EXCLUSIVE DISPATCH)
BISHOP (Cal.) Dec. 2.—Gardena High School this afternoon won the right to play in the finals of the Southern California Inter-scholastic football championship by defeating Bishop. High on the left field by a score of 30 to 0.

A cold rain day faced the two teams as they met at the game. Gardena presented a confident bunch of fighters while Bishop seemed to lack their usual pep. This team was snuffed for a forward but the sluggish ends could not get under the ball.

PUZZLE BACKS
Gardena played as superior ball as Bishop did poor ball. Having an slightly heavier team they presented a defensive machine that completely puzzled the Coyotes.

On the offensive the Berry-Pickers played a tricky game using many cross-pass plays and putting the forward pass to good use. By a combination of this attack and their defensive ability the Gardena boys kept the ball in their own possession most of the time.

In the first five minutes of play Gardena, by bucking the ball in quick time down the field put over their first tally. Ducks put the ball over and the Berry-Pickers converted the goal. In this quarter the Bishop team fought hard but were unable to hold the heavier Gardena boys.

In the second quarter the Bishop boys took another lease on life and made the winners to a single score. In an attempted dropkick, Fear, the fast man of the Coyotes, smothered the play and spoiled the conversion.

TAME AFFAIR
The third quarter was a tame affair with no spectacular playing by either team. The play in this quarter was tough in the way of roughing and fouling. Both teams were taken out of the game in a bad way. Neither team seemed able to get a lead on the other.

In an attempted dropkick, Fear, seemed unable to gain while Bishop playing an open gain lost ground repeatedly.

In the fourth quarter opened with a whirling attack on the part of the Berry-Pickers. Opening up they completed pass after pass and the Bishop ends were completely fagged by being smothered by the Gardena finalists. In this quarter the Gardena team scored the remainder of their touchdowns and put a heat field goal across the bars to boot. Throughout the quarter the winners played excellent football, but against team that was merely fighting off a walk-away.

Scamp and Ducasian starred for the Gardena boys, while Fear played an excellent game for the losers. By winning this game Gardena is stimulating the Newport Club for the championship of Southern California. The line-ups were as follows:

Larry Murphy Easily Trims Jimmy Wells

Jimmy Wells refused to do anything but hold on his match against Larry Murphy in the final event at the Los Angeles Athletic Club last night. Murphy walked away with the honors, after a fight made famous by Wells' "mad and sane" tactics. Murphy tugged and whaled away at Wells, but to no avail. Wells knew how to speak out the fight and was not afraid. Kid Layman started out to whip Young Cumpston in the very first round and proceeded to do it all the way through the contest. Rounds in the semi-final. In the final stanza Cumpston put up a good scrap and had Layman weak at the bell. However, Cumpston's rally came too late and Layman copped the decision.

REMORSEFUL, ENDS LIFE

Husband Accused of Shooting Bride Found Dead in Hollywood Hotel Room

Remorse is the theory advanced by police detectives for the apparent suicide of Joe Volpe, who late Friday night dangerously wounded Mary Salo Volpe, the girl he married two weeks ago. The body of Volpe, with a 38-caliber bullet hole in the right temple, was discovered yesterday noon in room 14 of the Reco Hotel, 6758 Hollywood Boulevard, by Manager Herrington, after attempts to arouse him were futile.

In his report Detective McMahon of Hollywood station, who was sent to examine the body, declared the case was evidently one of suicide, as Volpe registered alone at the hotel. The wound indicated that the pistol had been fired by Volpe, and the weapon was found near the body. The wife was wounded by the same caliber revolver.

Mrs. Volpe is at the County Hospital, near death from loss of blood from a dangerous wound in the jaw and throat. She refused to tell the circumstances of the shooting, although it is indicated that her husband shot her after a quarrel. To her father, Tony Salo, 2315 Hooper avenue, and to Detective-Sergeant Craig and Schofield, she insisted she was struck by a bullet from a source unknown, while walking in front of the residence of I. F. Dankin, 1411 East Forty-second street. She admitted that her husband was with her at the time.

The Volpes had spent the evening with Mrs. Volpe's father, at the Hooper avenue address and left about 8 p.m. for their home, 1529 East Forty-second street. The shooting took place about 9 p.m. Volpe rented his room at the Reco Hotel at 11 p.m.

Police believe that after leaving Salo's home a quarrel occurred between the newly-married pair, and Volpe shot his wife and ran. Overcome with sorrow he is believed to have consummated his own death, fearing that he had mortally wounded her.

Ammunition of .32, .38, and .45 caliber was found in Volpe's home, and it was at first feared that he had several guns with him and would fight when cornered. The theory that the Volpes, who were married November 19th, were the victims of a vendetta or a disappointed suitor was discarded early in the investigation.

By order of the coroner the body was removed to the undertaking establishment of Day and Dayton, 8246 Hollywood Boulevard.

CHAIN BANK OPPONENTS IN SESSION

Arguments Prepared for Presentation Before Big Convention

The executive committee of the California League of Independent Bankers, organized recently to oppose branch banking, met yesterday at the Alexandria Hotel. Arguments were prepared to be presented before the California Bankers' Association at San Francisco next Saturday.

At the San Francisco session the California Bankers' Association will be asked to take a definite stand against branch or chain banks in this State. The California League of Independent Bankers will war against this practice of the consolidated banking interests, according to Howard Whipple of Turlock, president of the new organization who called the meeting yesterday. Members of the executive committee who were present yesterday were W. B. Clancy of Riverside, A. L. Farley of Long Beach, E. L. Rickford of Napa, C. D. Swan of Modesto, J. A. Graves of Los Angeles, A. W. Quinn of Exeter, W. B. Williams of Santa Ana, R. D. McCook of San Bernardino, H. I. Stuart of Pasadena and E. J. Sanford of Ontario, secretary.

WOMAN MAY MANAGE CITY

Miss Myrtelle Gussul Being Considered by Long Beach Councilmen for Hewes's Position

By a "Times" Staff Correspondent
LONG BEACH, Dec. 2.—Miss Myrtelle L. Gussul, City Auditor, is being prominently mentioned as a candidate for the position of City Manager, here, it was learned today.

The position of City Manager, now being filled by Charles E. Hewes, will be declared officially vacant tomorrow when the City Council will complete the canvass of the vote in the special election, which resulted in the recall of the present Manager.

It was revealed today that representations on behalf of Miss Gussul had been made to the City Council by a number of her friends, and her selection vigorously urged. Considerable sentiment for her appointment, especially among the women, has made itself manifest, and her record as City Auditor is being pointed to as a strong recommendation for her promotion to City Manager.

Members of the Council refused to state whether Miss Gussul would receive any consideration when it came time to select a successor to Hewes. Councilman Charles A. Cover declared that he might support her. Miss Gussul herself has not stated whether she would accept the position if it was tendered her.

Miss Gussul attained considerable publicity here recently when she fought the entire Council and the City Manager over the possession of a room in the new City Hall. The room had been assigned by City Manager Hewes to the Water Department, but Miss Gussul took possession of it and refused to give it up. She barricaded herself in the room when an effort was made to eject her. Police officers were finally summoned to break down the door and eject her.

A number of other names have also been suggested for the post of City Manager, but that of Postmaster Charles H. Windham is receiving the most serious consideration.

GADSKI IN DEFENSE OF WAR STAND

Pro-Germanism Charges Emphatically Refuted by Famous Singer

(EXCLUSIVE DISPATCH)

SAN FRANCISCO, Dec. 2.—The following statement was issued today by Johanna Gadske, the singer, in reply to charges circulated against her by those opposed to her appearance in concert because of her supposed pro-Germanism during the war:

"I regret that it should be regarded necessary for me to specifically deny the charges against me of conduct unbecoming an artist, guest of America prior to the entry of America into the war and after such entry. There is not one word of truth or any foundation, in fact, to such charges which are based upon something that someone was supposed to have said to some one about something that never really happened. Who the some one was or any other witness of the allegations has never appeared after five years."

"Why will some people rather believe hearsay? I lived in America all during the war and was free to come and go as I pleased. My husband had now taken out his first papers of citizenship and I own my home in New York City."

"Specifically I deny that Gortiz or anyone else ever sang a song in my home that directly or indirectly referred to the sinking of the Lusitania."

"It is not true that my suit for libel and damages against the Chicago Grand Opera Company was dismissed, but this suit was transferred to the State of Virginia and will come up for trial shortly."

"It is not true that my husband was convicted of attempt to blow up the Welland Canal. On the contrary he was acquitted before a jury of Americans in a United States court before Judge Hand of New York City. It is not true that my husband was in person on grates with the United States Government. On the contrary he has traveled back and forth twice from Germany and now has his first naturalization papers."

"It is not true that my husband used my artistic standing as means to assist him in alleged secret service work. My record and the record of my husband are in an open book in the Department of Justice in Washington—my word should not be necessary."

"Because I was an alien I thought it more dignified that I should refrain from singing in public during the war years. I ignored the attacks. Now that I am again taking up my life work they are resuscitated for reasons which must be plainly apparent. I have never denied being a German and I would not desecrate my respect for my business reasons I had, but I have never violated the hospitality of a country whose guest I was and emphatically have never said or done or even suggested anything in word or deed against America."

"Why should it be necessary to bring libel suits to prove the truth? Why will some people sooner believe and help others to believe that which is untrue? While I have an abundance of friends I never forget that I am the servant of the public and as such to anyone who may have given credence to rumor—I say that I still serve."

"I shall sing in Los Angeles at the Philharmonic Auditorium on Monday evening, December 11, and not one single person can produce one iota of evidence, except hearsay, that should deprive me of that privilege."
(Signed) "JOHANNA GADSKI"

Canyon Paving Work Reported Well Under Way

The work of paving Mill Creek Canyon, in the mountains back of Redlands, from the end of the present boulevard to the mouth of the canyon toward the north, is well under way.

The county has about fifty prisoners at work. The big rock crusher which was installed last summer is now in operation, and will turn out all of the crushed rock for the boulevard.

It is expected that three miles of the road will be completed during the winter. All of the preliminary grading for the first two miles has been finished. Approximately two years' time will be required before the new road is constructed through to Forest Home—total distance of six miles from the end of the present boulevard.

By using prison labor the cost for the road to the county will be from \$75,000 to \$100,000. All points in danger of being washed out will be protected by concrete retaining walls, and when finished the road will be one of the most substantial scenic drives in the county.

Rest Room for Business Girls Downtown Need

An appeal has been made to the Young Women's Christian Association, through Mrs. W. J. Chichester, to establish a rest room and canteen in the business district east of Wall street between Seventh and Eighth streets, for girls employed at the large mercantile houses in that vicinity.

Lack of a suitable place in which to provide such a meeting-place for the young women is the only thing that stands in the way of this appeal meeting with a speedy response. It is the hope of those back of the movement that there will be found some public-spirited person who will donate the use of room for this purpose.

ALBERTA TREMAINE UNDER ARREST
of Alberta Meadows' Father Jailed
in Same Ward With Clara Phillips
Mrs. Tremaine's Roommates Tell Officers

Alberta Tremaine was arrested yesterday on a warrant issued by her husband, Fred Tremaine, and placed in the same ward of the County Jail where Clara Phillips, who slew Tremaine's daughter, is confined.

Tremaine's arrest followed a conference between a committee from the Los Angeles Bar Association, Superior Court judges and representatives from the District Attorney's and Public Defender's offices. It marks the first double hearing in the criminal cases during the first two weeks of January in an effort to clear the docket and relieve congestion at the County Jail, it was stated yesterday.

The announcement followed a conference between a committee from the Los Angeles Bar Association, Superior Court judges and representatives from the District Attorney's and Public Defender's offices. It marks the first double hearing in the criminal cases during the first two weeks of January in an effort to clear the docket and relieve congestion at the County Jail, it was stated yesterday.

Everyone of the twenty-four departments of the court are to be used for trying criminal cases during this period. At the end of this time, it is expected that a majority of the prisoners will either have been sentenced or dismissed.

The legal machinery is to be largely supplemented by members of the Bar Association, who will aid the District Attorney and the Public Defender in trying and defending the prisoners. Attorneys from the association will be designated to aid in this work, it was stated, and will give their services without charge.

All civil cases will go by the boards until the criminal cases are disposed of, it was said. Two departments, however, will be left open for emergency civil cases, but even in these departments criminal actions will have the call unless the civil suit is of such a nature that delay is impossible.

MUCH AGITATION
The action yesterday was the result of months of agitation on the part of city and county officials for relief of congestion at the jail. Many of the prisoners have been awaiting trial for three and four months. This has resulted in serious overcrowding.

The majority of the prisoners, it was stated, are being held for minor offenses, and in many cases the evidence against them is insufficient. However, they have been forced to remain in the overcrowded cells for long periods because the courts are clogged.

Present at the conference yesterday were Presiding Judge William H. Moore, Superior Court Judge, J. D. Powell, Deputy Public Defender Vercoe, Sheriff Traeger and the Bar Association committee.

TO CLEAR CLOGGED COURT
Crowded Condition of Jail Causes Officials to Give Over Two Weeks to Criminal Cases

The entire legal machinery of the Superior Court will be utilized during the first two weeks of January for the trial of criminal cases in an effort to clear the docket and relieve congestion at the County Jail, it was stated yesterday.

MEXICANS JAIL ANGELENO
Political Changes at Tijuana May Save Life of Jap; Investigator Ousby Caught in Upheaval

Political changes in Mexican officialdom at Tijuana Friday, mere hints of which have thus far seeped across the line, may serve to save the life of Salvador Yokoyama, Japanese "high financier" wanted in Los Angeles on several charges, who is now awaiting execution in the Tijuana jail for fostering a revolution against the Mexican government.

This information, together with the fact that John Ousby, investigator for the District Attorney's office, was jailed for several hours in Tijuana following the sudden change of administration, was received yesterday by Dep. Dist. Atty. Ousby.

Ousby was incarcerated for attempting to secure Yokoyama's release and smuggle him across the international line in order to bring him to trial in Los Angeles. He tried the coup while the new Tijuana magistrate and military commander were assuming office.

DETAILS DRAMATIC
Details of the Yokoyama case grew more dramatic hourly. The warrant for his execution was signed when, as a major-general in the Mexican Army, he plotted against the government following President Carranza's fall. He was given a "booster" out of Mexico with the understanding that the sentence would be fulfilled if he ever set foot again on Mexican soil.

Coming to Los Angeles he promoted the Mexican Metals Company, and sold \$340,000 worth of stock, mainly to local Japanese. His manipulations resulted in charges being preferred of obtaining money under false pretenses, embezzlement, grand larceny and violation of the Corporate Securities Act.

He fled to San Diego with Detective Ousby close on his trail.

CITRUS MEN OF UPLAND SATISFIED
Shipments Less Than Half of Last Year, but Returns Nearly as Great

[LOCAL CORRESPONDENCE]
ONTARIO, Dec. 2.—Although the amount of fruit shipped by the Upland Heights Orange Association during the year just closed was equal to only 46 per cent of that shipped the preceding year, the cash return to grower members was equal to 75 per cent of that received the year before, according to the report of E. C. Rosenberg, secretary and manager of the association, at the annual meeting of members today.

Growers received an average net return of \$2.51 per field box or \$5.88 cents per hundred and on all fruit shipped during the season, \$5,987 boxes or 172½ carloads of oranges were shipped to the Eastern markets and the cash return was approximately \$210,000.

All members of the old board of directors were re-elected, including Mrs. E. T. Nelson, R. O. Price, W. F. Rugg, A. Podmanik and Royal Miller. The board will meet next week to organize for the coming year. The Upland Heights Association is a member of the Ontario-Cucamonga Fruit Exchange. The directors and members feel that considering the damaging frost early in the season the year just closed was a highly successful one.

BOY HELD BLAMELESS FOR SISTERS' DEATHS
DRIVER OF CAR IN WHICH TWO KILLED ANNOYED; SET FUNERAL DATE

[LOCAL CORRESPONDENCE]
POMONA, Dec. 2.—"An unavoidable accident," was the verbal verdict of the Coroner's jury that conducted an inquest today into the deaths of Miss Laura B. Lawrence, 16, of Pomona and Mrs. Lester L. Crozen, 21, of La Verne, both daughters of Mr. and Mrs. G. F. Lawrence, 840 East Kingsley, which resulted from the accident at the Garey-street crossing in North Pomona, Thanksgiving night, when a Pacific Electric train struck the automobile in which they were riding. The decision absolves Harold Ward, 17-year-old son of Mrs. J. D. Davis, 462 East Tenth street, who was driving the car, of all blame.

Double funeral services will be held for the sisters at the First Baptist Church on Monday afternoon. Rev. Earl Smith of Ontario will conduct the services and the sisters will be laid to rest side by side in the Pomona Cemetery.

Mrs. G. F. Lawrence, mother of the two victims of the accident, when told of the tragedy, stood the shock better than was expected as she has been low with heart disease for several weeks. She was not told until today that her two daughters had been killed.

BOND OF HONOR PUZZLE GROWS

Fraudulent Use of Mails May be Charged

Operations of Jailed Trio Are Investigated

Raid by Federal Agents Nets Mysterious Papers

The additional charge of using the mails in a scheme to defraud is likely to be placed against P. A. Clow, "prophet" of the "bond of honor," and his co-workers, A. F. Hathaway and James Lindsey, as a result of the investigation being conducted by Leon Bone, chief of the local Department of Justice agents.

Armed with a search warrant issued by Commissioner Long, Agent Bone visited the quarters of the "Bond of Honor" at 314 West Sixth street and seized a large amount of literature. It will be several days before the exact character of the literature and mysterious documents will be definitely known.

It appears that the defendants operate out of 207 American Bank Building, where they were known as the North American Bonding Company. The scope of their operations in that role is as yet undetermined.

NAMES OF SAILORS
Documents, including a book of receipts signed by members of the crew of the battleship Pennsylvania, indicated the Clow, who is the principal in the case, had a number of transactions with the sailors aboard that vessel, but what they paid the money for, there is nothing to indicate.

Another batch of blanks indicates that Clow and his partners sought to establish the fact that they owned valuable potash mining claims in Arizona and in San Bernardino county, for each blank bore a technical description of the land by township and range.

That Clow borrowed money from the unscrupulous appearance likely from receipts signed by him for various amounts.

The investigation by agents of the Department of Justice shows that Clow imposed on many people by stating that he represented the United States government, and by promising to pay 7 per cent interest on investments. Here is a sample circular found among the effects of Clow:

GIRL HELPS TO MAKE CAPTURE

J. J. Bruner, 32 years old, was captured in the downtown business section yesterday noon after an exciting chase through luncheon crowds in which a girl was the leader of the pursuit. Bruner, who said he was selling photographs, is charged with having been detected rifling a surgeon's case in the offices of Dr. E. C. Moore, M. L. Moore and P. G. White, 1005 Merchants' National Bank Building, by Miss Gladys Bowman, head nurse.

Bruner is said to have dropped the case, fled from the office and took an elevator to the street with the assistance of Traffic Officer H. W. Bunting, cornered Bruner in an alley off Sixth street, between Spring and Main streets.

At Central Station Bruner was held on a charge of suspicion of burglary.

BUILDING IN POMONA REACHES HIGH TOTAL

(LOCAL CORRESPONDENCE)
POMONA, Dec. 2.—New homes for thirty families result from the business done in the month of November by the building inspector. Twenty-four new residences and six apartments are called for in the month's permits. A new garage to house the student and mobile agency to cost \$30,000 is included in the month's permits, also a \$6000 church and a store building costing \$1000. Three hundred and forty-nine thousand, two hundred and ninety dollars worth of contracts were taken out on the new high school building which brings the total for November up to \$459,040.

P. E. Will Buy Privately Owned jitney Busses

By a "Times" Staff Correspondent
PASADENA, Dec. 2.—Arrangement has been made by the Pacific Electric Railway Company to purchase privately owned jitney busses now operating here, according to an announcement made today by D. W. Pontius, vice-president and general manager of the street-railway company, through the Property Owners' Protective Association.

"The purchase of the busses will be a troublesome element in the city's transportation situation and wipe the slate clean for the City Board of Directors to accept the railway company's offer to extend street-car service," says the statement.

Busses now in use and unfit for further service will be replaced by modern and adequate machines, the association states.

On Tuesday Pasadena voters will be asked by the City Board of Directors to vote on a bond issue of \$500,000 for the proposed establishment of a municipally owned and operated bus service.

Kiwanian Drive for Boys' Home Exceeds Quota

More than \$100,000 was raised by the Kiwanis Club last week in its drive for funds to be used in the construction of new quarters for the McKinley Boys' Home, it was announced yesterday.

A number of pledges are still outstanding, it was said, and when these are taken up the total obtained will far exceed the \$100,000 goal set at the beginning of the campaign.

Paul Jesberg was chairman of the Kiwanis campaign committee.

Crown Beauty Orange Belt's Queen Citrus

(EXCLUSIVE DISPATCH)
PORTERVILLE, Dec. 2.—Miss Frances Smith, popular Lindsay beauty, was crowned Queen Citrus of the first annual Community Exposition and Citrus Show in Lindsay at a spectacular ceremonial tonight.

The queen and her train were escorted in state to the Arboretum, where a grand ball was held, and people of the realm gathered in homage in this youthful ruler of the orange belt. Principal scenes were "shot" by a leading news serial for the screen.

Miss Smith chose \$150 in gold in preference to a diamond ring of like value. Miss Alberta Johnson, also of Lindsay, was second in the race, while the remaining five candidates were not far behind.

WHY YOU SHOULD OWN IT!

Because your boy or girl should belong to the vast army of children who are today reading and loving THE BOOK OF KNOWLEDGE

Because it is the Greatest educational work for children ever published.

Because it is the most Interesting educational work in existence.

Because it contains that part of the accumulated wisdom of the world, important for a child to know, told in words he can understand and in a manner that will fascinate him.

Because it answers every question a child can ask, in simple language.

Because its editors and contributors have made what a child Wants to Know and what a child Ought to Know identical.

Because it was written and prepared by men who understood the mind of the child and knew how to explain the important things a child should know so that the child would understand and be interested.

Because boys and girls read it eagerly, and its pages and pictures are so intensely interesting that while being delightfully entertained the children are unconsciously absorbing the most valuable information.

Because it has received unstinted praise from people who Know—educators, teachers, clergymen, professional and business men and women—and many thousands of "just average fathers and mothers."

THE FREE SAMPLE BOOK contains many pages and pictures from the following interesting subjects:
R The Sun and His Family, How We Dig Up Sunshine,
E The World's Bread and Butter, How Men May Make
E Stone, The Marvel of Hearing, What Makes a Bee
E Hum, Animals That Work for Nature, The United
E Nation, Republics of South America, etc.

Because the children themselves are unanimous in their liking for it and an educational work which Pleases the children while Instructing them is the ideal of every teacher and parent.

Because it diverts the attention of the children from trashy, unsound literature and supplies them with years of reading, study and enjoyment of a sort that the parent, the teacher and everyone who has the welfare of the child at heart will approve.

Because a saving of a few cents a day for a limited period will purchase it.
